

Welcome from the President

Welcome! As President of GaGwP this year, I want to welcome you to our website and thank you for your interest in GaGwP and well drilling in Georgia.

I hope you will find this website both interesting and informative.

GaGwP is the only association of professional well drillers and suppliers in the State of Georgia and we are extremely proud of our many accomplishments over the years.

Please review the website and if you have any questions or comments please send them to our Executive Director, Bruce Widener (Bruce@brucewidener.com).

Thanks again for your interest and we look forward to receiving any input you might want to send. I hope you will contact us, if we might assist you in any way.

Sincerely,

Pete Peterson, Breland Well Company
President
Georgia Association of Groundwater Professionals (GaGwP)
